

COMPANY PORTFOLIO

Marvel Molecular products are manufactured following most stringent guidelines according to latest industrial standards.

ABOUT OUR COMPANY

Our team has worked in multicultural multi ethnic environments throughout Europe, America, Middle East, Japan, South America, Asia and Russia. Given the unique experiences garnered over the years our team gathered to venture into translating knowledge to improve day to day lives of people around the world.

So far this ethos has given rise to a cosmetics division which is Navum Vilavun (www.navum.lk), a fertilizers division (www.mihisaviya.lk), and Marvel Molecular Manufacturing (www.marvelmolecular.com) which is based in the Industrial City of Dubai UAE, concentrating on detergents, disinfectants, car and marble care products.

“Marvel molecular was formed by a group of scientists and engineers who worked in research and industrial projects in a wide range of disciplines for almost three decades.”

HISTORY AND ACHIEVEMENTS

Explore the chapters of our remarkable journey at Marvel Molecular. Immerse yourself in the story of innovation, perseverance, and triumph that has shaped us into who we are today.

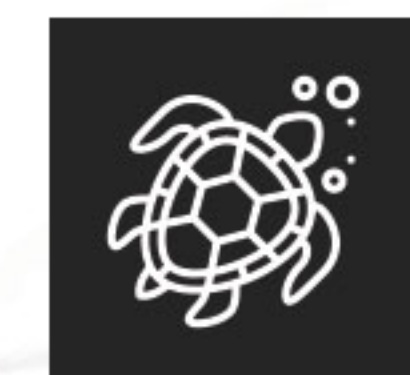

OUR VALUES

“Marvel Molecular values are strongly centered around cooperate social responsibility. Marvel believes in sharing their resources with co-workers, friends’ families and people of the societies they cater to. Fostering arts, culture, environmental conservation and support to less privileged children are areas in which Marvel actively participates.”

The following are a few projects in which Marvel Molecular participated with CSR in mind.

Ongoing Turtle conservation project in Kalmunai Sri Lanka in conjunction with Marvel's sister concern Mihisaviya (Pvt) Ltd.

Supporting low income families in the Anuradhapura District of Sri Lanka through annual free distribution of rations.

Establishing a model organic farming village employing local inhabitants at Piyumgalla, Wariyapola Sri Lanka.

OUR VISION

The vision of Marvel Molecular can be summed up to one word “CREATE” . In doing so our central focus shall always be customer requirements. In short, we go to the market, ask what our customers need to make their day to day lives better, analyze all information gathered and arduously work towards creating elegant novel products which give excellent value for money and 100% customer satisfaction.

OUR PRODUCTS

Marvel Molecular products are sold throughout the Middle East and Asian regions

We are acclaimed for high quality, novel elegant appeal, and customer loyalty. From time to time in order to reward our customers we carry out numerous promotional events in the Middle Eastern and Asian Regions.
